Welcome

Hughes Dental Laboratory is a private & independent prosthetic and implant laboratory specialist.

Since opening in 2004, our aim has been to build long-term relationships with our clients. We find regular communication throughout the manufacturing process allows us to meet client and customer expectations and needs.

We are approved and credited by our recognised partners, offering the latest in dental technology, and supported quality guarantees.

From a single one-tooth denture, to a full arch implant retained prosthesis; Hughes Dental Laboratory will work with you to get the results you and your patients deserve.

We are a selected, Ivoclar Vivadent BPS registered laboratory using the centre pin registration for partials and full dentures. Working closely with our partners and their prosthetic systems we are competent in associated clinical and laboratory procedures.

Our opening hours are from 8:30 – 17:00 Monday to Friday, other times by appointment. We encourage client & patient visits to view our high level of work.

“We look forward to welcoming you to Hughes Dental Laboratory.”

- Jonathan Hughes
Prosthetic and Clinical Technician

Helping you achieve your patients' expectations.

Clinical Dental Technician Service

We can offer your surgery the expertise of a clinical dental technician. This professional service, delivered by Jonathan Hughes CDT, can provide your patients with dentures for both fixed & removable prosthesis.

We offer a free initial consultation to establish both clinical & patient requirements and then agree an appropriate treatment plan.

This service sees Jonathan treating the patient throughout whilst also manufacturing the dentures personally.

For more information regarding this service, including pricing & availability, please contact a member of the team to discuss your requirements.

Call (01423) 520 368 to talk to one of our technicians.

Testimonials

“Most of my dentistry involves dental implantology and Jonathan has provided the technical work for many cases especially removable, full-arch, implant-supported restorations of various designs. The professionalism and total dedication of Jonathan and his team continue to help us deliver the highest standard of care to our patients.”

Dr Craig Parker BChD, MFGDP(UK), DPDS, PG Cert (Dental Implants)
Primley Park Dentistry, Leeds.

“I’ve used the team at Hughes Dental for several years for my dentures. The best thing is that the dentures always fit easily and the aesthetics are excellent. Some of my phobic patients have had their lives transformed by the appearance and the beautiful set ups.”

Dr Jenny Pinder BDS.BSc. MGDSRCS. FFGDPRCS,
Bupa Dental Centre, London

“I have known and worked with Hughes Dental for a number of years now and I have always found the work to be of the highest order. Jonathan is very approachable and helpful and is always willing to spend time discussing difficult cases, especially implant cases. I would have no hesitation in recommending their prosthetic work.”

Dr Paul Roberts. BDS, MDentSci, DGDGP(UK) Specialist in Periodontics.
Street Lane Periodontal and Dental Implant Clinic, Leeds.

“Big enough to cope, small enough to care...”
